Failure to do so can result in serious injury.  
SAVE THIS MANUAL.**

## Specifications

| Item                      | 64065          | 64064          |
|---------------------------|----------------|----------------|
| Torque Range              | 20 - 100 ft-lb | 50 - 250 ft-lb |
| Drive                     | 3/8"           | 1/2"           |
| Clockwise Accuracy        | ± 4%           | ± 4%           |
| Counterclockwise Accuracy | ± 6%           | ± 6%           |

## Important Safety Information

### **WARNING** Read all safety warnings and instructions.

*Failure to follow the warnings and instructions may result in injury.*

**Save all warnings and instructions for future reference.**

1. Wear ANSI-approved safety goggles during use.
2. Do not use for loosening fasteners.
3. Use only within rated torque range.
4. Use as intended only. Do not use as hammer or pry bar.
5. Do not use handle extension to increase force. Do not use as a breaker bar.
6. Do not use a Torque Wrench that has been dropped. Have it tested before putting back into use.
7. Have the Torque Wrench calibrated and serviced only by a qualified technician.
8. Inspect before every use; do not use if damaged or if parts are loose.
9. Keep away from children.
10. Use only sockets with the correct drive and rated to at least the torque that will be applied to it.
11. The warnings, cautions, and instructions in this instruction manual cannot cover all possible conditions and situations that may occur. It must be understood by the operator that common sense and caution are factors which cannot be built into this product, but must be supplied by the operator.

## Operating Instructions

**Note:** The Torque Wrench is marked with Foot Pounds and Newton Meters (on opposite sides of Upper Handle). The following instructions illustrate use in Foot Pounds.

1. **BEFORE EVERY USE**, exercise Torque Wrench. Pull down Lock Ring (**see step 5 on page 3**), then perform the following exercise three times:
  - a. Turn Knurled Handle to the right until maximum torque setting is reached.
  - b. Turn handle to the left until minimum torque setting is reached.

**CAUTION!** Wear ANSI-approved safety goggles during use.
