

3753B-6/150 ELECTRONIC DEPTH GAGE

The 3753B Electronic Depth Gage is a versatile, easy-to-use tool for measuring depth, slot width, small section sizes and other applications. The gage provides an IP67 level of protection against foreign matter in a hostile shop environment and has an extra-large LCD for excellent readability. It also offers RS232 output to work with Datasure Wireless Systems as well as with cable-based products.
