

3/8" Dr. Electronic Torque Wrench 27-135Nm

Introduction

- Elegant and durable water-drop ratchet, allowing switching between forward and reverse rotation by one hand
- Heat-treated body, durable and not easy to deform
- Torque output accuracy up to $\pm 1.5\%$ (forward) and $\pm 2\%$ (reverse)
- Four indication modes available, including, display screen, indicator, buzzer and vibration, effectively preventing torque output overload
- Dual-color PP+TPR handle, comfortable to grip

Product Details

Product No	96525
Torque Range (lbf·ft)	19.9-99.6
Overall Length (mm)	400
pcs / pack	1
Drive Head (")	3/8
MADE IN	Taiwan
Torque Range (N·m)	27-135
Division-graduated Collar (N·m)	0.1
Net Weight (kg)	0.98
