Description	Specifications	Manuals
<i>Fine design and sturdy construction ensure a long life of reliable and accurate service in these heavy-duty calipers.</i> • Oversized dial with microfine graduations for easy reading. • Inside, outside and depth measurement; "knife edge" top jaws for measuring threads, slots, recesses and similar work. Inside measurements are obtained by use of the nibs on the bottom jaws • Beam is satin chrome finished • Extra long jaws • Hardened stainless steel throughout; measuring faces are ground and microlapped for exceptional accuracy • Knurled lock assures precise settings • Adjustable dial reads to .001" in inch series or .05mm in metric series • Raised sliding surface prevents wear and defacement of graduations • Available in inch or metric models • Beam features large, clear graduations • Accuracy: .001" per 6 inches (inch series) or .05mm per 150mm (metric series) • All sizes feature thumbroll adjustment • Includes case
