

Dial Test Indicator, Horizontal Type

Item number: 513-412-10E

Images

Description

A Mitutoyo versatile long stylus, anti-magnetic type lever indicator (or dial test indicator, DTI) suited to alignment operations on machine tools and similar applications. This indicator automatically adapts to the required measuring direction on contact, and the jewelled movement provides lowest friction and stiction for smooth and precise operation. Supplied with a basic set of mounting accessories.
