

SPI ANGLE GAGE SET # 31-375-9

Product Description

31-375-9 SPI 18 Pc. Angle Gage Set: 5°-90°

The SPI **31-375-9** 18 Pc. Angle Gage Set has the following features:

- Checks primary, 1/2 primary & complementary angles
- Primary range is 5-90 degrees in increments of 5 degrees
- 18 separate angle gages included
- 8 surfaces
- Stainless steel, satin finish

Features:

- Manufactured from stainless steel, satin finished.
- 18 individual gages for easy use.
- Eight gaging surfaces per gage. **Accuracy 5 Min.**
- Precision finished edges for accurate checking.
- Each gage checks primary, 1/2 primary and complementary angles.
- Sharp cornered workpieces can be checked at all 8 angles except below 50° on primary angle 2.
- Quick and accurate inspection of angles and I.D. or O.D. chamfers – in or out of the machine.
- Positioning of lathe tools for chamfers.
- Inspecting angles on ground form tools and cutters.

- Fast set-ups and fixturing of workpieces.
- Eliminates time consuming measuring set-ups.
- Indispensable for every inspector, tool maker, machinist, layout and draftsman.
