CX3300 Current Waveform Analyzer

Quick Operation Guide

How to apply the XY analysis

1. How to apply the XY analysis
 - 1-1. Click the “Analysis” icon on the Tool Palette.
 - 1-2. Drag and drop the “XY” icon on the Analysis tool palette on the channel set as Source1.

2. How to change the target channels
 - 2-1. Double-click “X1” icon in the XY graph view.
 - 2-2. Set the target channel as Source1 and Source2 on the XY1 window.

3. How to adjust the scale of the graph
 - 3-1. Double-click anywhere on the horizontal or vertical axes in the XY graph view.
 - 3-2. Un-check the “Auto” box.
 - 3-3. Adjust the scale on this area.

4. How to adjust a specific area on the waveform.
 - 4-1. Select “Gating” from “All/View/Gating” at the top left on the XY graph.
 - 4-2. The result of the XY graph is changed in real time by adjusting the specified area on the waveform.
